yes, professional

4. Do you believe you could follow these steps using the images only?

not sure. first step, already confusion

5. Do you believe you have a good idea of what you will be doing?

good idea of what will be done

6. Could you explain what you think you are about to do?

put text into the video and put the text in motion w/ the video

Thought process of picking out a tracking point:

dark object in a light area, just as was stated in the instructions.

Thinking out loud during the remaining steps:

- images could be made larger
- add more about text editing,
- ~~moving~~ ^{editing} text

7. Do you think the motion track is smooth/successful? If not, tell me what you think you would have changed to make it better.

no, not successful

Observations:

Answer to scenario:

use the same technique. Apply keyframes to the explosion? (instead of the null object)

Add step to make composition

missing picture when track motion - 15

Step hit ok after apply

After reading introducer

track motion disappear
A button not selected
layer

Split up Step 4

I am confident that I could recreate what I have just done using only the images and no explanation.

1 - Strongly Agree 2- Agree 3- Neutral 4- Disagree 5- Strongly Disagree

I am confident that I could redo these tasks with no instruction whatsoever.

1 - Strongly Agree 2- Agree 3- Neutral 4- Disagree 5- Strongly Disagree

I am confident that I could use this technique with something other than text.

1 - Strongly Agree 2- Agree 3- Neutral 4- Disagree 5- Strongly Disagree

8. After having explored the site, is there anything that strikes you that you want to see changed?
